

Cayuse Newsletter

From everyone here at Cayuse, we hope you're all well!

Celebrating our Growing Community of Customers

It's time to recognize and highlight the new customers who joined us in the last quarter including *AAPlasma LLC., Abilene Christian University, Association of Public Health Laboratories, California Lutheran University, Driscoll Children's Hospital, Michigan Technological University, Middlesex University London, REGENXBIO Inc., Stowers Institute For Medical Research, The Scripps Research Institute, University of Wisconsin Stout, and Wright State University.*

We were also excited to see so many customers further extend their use of the Cayuse Research Suite by adding solutions including *Bowdoin College, Charles R. Drew University of Medicine and Science, Elizabeth City State University (ECSU), Kansas State University, Metropolitan State University of Denver, National University, Northern Arizona University, Northern Michigan University, Nova Southeastern University, Providence College, Texas Tech University Health Sciences Center - Lubbock, University of North Carolina - Greensboro, University of South Wales, University of Utah, University of West Georgia, and Xavier University of Louisiana.*

Thank you all for your trust, we look forward to supporting you and maximizing your success in the years to come!

Hurry Up! Free Registration with Survey Ends July 31

We would love to include your perspective in the 2022 State of Research Management Benchmark survey. The purpose of the survey is to gain insights into the current state of research administration, including key priorities, challenges, and real-world experiences of research

professionals. All participants who complete the survey will receive a copy of the final Benchmark Report as well as FREE registration to the virtual Connect conference in October.

Close to 600 have participated in the survey as of today!

Cayuse and Industry Events

July 28 Webinar - Transforming the Tech Transfer and Commercialization Process

Dr. Nichole Mercier, the Assistant Vice Chancellor and Managing Director, Office of Technology Management at Washington University in St. Louis, will join our upcoming webinar to share her perspectives on:

- Changes in the role of Tech Transfer within academic research centers
- Advancing educational outreach to the University community
- Fostering a supportive and inclusive environment to attract and retain faculty members and graduate students
- Supporting and streamlining the tech transfer and commercialization process with technology to track key metrics, assist with finding commercial partners, and aid in effective engagement with inventors and other stakeholders

Webinar Recording - Reimagine how you collaborate and manage your research portfolio

Watch our June webinar to get an overview of our latest product innovation - Sponsored Projects 4.0. With centralized award management, progressive logic, customer-configurable forms, conditional routing, and proactive management of compliance issues, you can have complete control over how records move through your organization. You will learn how to:

- Establish Proposals and Awards
- Create internal approval forms with smart forms
- Build budgets
- Check for compliance
- Manage Award modifications
- Create reports

Plus you will get an update on modernization roadmap for SP3.9 customers and what to expect.

Upcoming Industry Events

[NCURA 64th Annual Meeting](#) | August 7-10 | Washington, DC - Pass by the Cayuse booth and say hello, we'd love to hear from you!

Community News

See what's new in the Connect Community! Ask questions, learn from your peers, and stay up-to-date on all things research administration-related:

- Discussion: [Animal Oversight signatures](#). Collecting signatures is no research administrator's favorite task, but there are ways to make it easier. Check out the advice in this discussion.
- Discussion: [Salary visibility](#). For some institutions, having public salary information is just a fact of life. For other institutions, salaries are expected to be kept strictly confidential. Learn about the different attitudes and approaches different organizations take to this delicate subject.
- In case you missed it: Each month, we share a roundup of all the job openings that have been added to the Connect Community. [See which institutions are hiring!](#)

Hope to see you at our webinars, industry events, and Connect!
